WELCOME TO  
al-Farabi Kazakh  
National  
University!

## **Al-Farabi Kazakh National University**

has made a phenomenal breakthrough, advancing in the QS global ranking to 165 place. Thus, the leading Kazakhstani University has successfully completed the task set by Elbasy N.A.Nazarbayev, as well as laid down in the State Program on Development of Education and Science of the RK, on entering by 2020 at least of two Kazakhstani Universities in the top-200 best HEIs of the world. KazNU has confirmed its compliance with the high level in the world scientific and educational space.

The most well-known and authoritative internationally recognized rating agency Quacquarelli Symonds (QS) has published new research results on the world's higher education institutions. As emphasized in the analytical report of QS, this year Al-Farabi KazNU, rising up to 42 positions, took

165th place in the global ranking and «became the first Kazakhstani University, which made the breakthrough to the top 200 best HEIs in the world». In the post-Soviet space only two universities has been included in this group – Lomonosov Moscow State University and KazNU.

Demonstrating an unprecedented rapid dynamics in the history of higher education of the world, the University has advanced almost by 500 positions in 9 years. Such progress achieved in a short period of time in the world ranking has attracted the attention of foreign experts, who call this unique breakthrough as an «Al-Farabi KazNU's phenomenon». In the international academic environment it is actively discussed as the most striking example of the dynamic development by the University, many representatives of foreign HEIs have been adopting KazNU's positive experience.

Behind the high position in the world ranking is a huge work of the University staff headed by Rector, academician Galym Mutanov to improve the global competitiveness of KazNU. Based on the cluster approach, a comprehensive structural modernization was carried out, and a results-oriented management system was introduced, which facilitated its transition to a fundamentally new quality of education and science. In cooperation with leading foreign universities, double diploma programs and educational programs are being implemented in English, thanks to which the largest number of foreign students in Kazakhstan is studying at KazNU. Their number has increased by 15 times last year alone.

# UNIVERSITY LIFE

# UNIVERSITY LIFE

**Al-Farabi Kazakh National University** was the first among the universities of Central Asia to join the UN Academic Impact (UNAI) program and become the UNAI Global Center for Sustainable Development, aimed at supporting 10 internationally recognized UN principles. In collaboration with the UN Information Office in Kazakhstan, KazNU named after Al-Farabi joined the UN Global Model movement and created his leading program under the leadership of the UN Model New Silk Road students. In May 2018, KazNU named after Al-Farabi launched the Ban Ki-moon Institute for Sustainable Development to coordinate all the teaching and research activities of researchers and educators in the field of sustainable development and the green economy.

Microsoft Company has recognized KazNU's digital development model as one of its best practices. The University has opened scientific and educational centers of world-known high-tech corporations, and created a scientific and technological corridor «from idea generation towards commercialization». Its effective use allowed

KazNU to increase the volume of scientific projects more than 2.5 times within five years. Every fifth publication of Kazakhstani authors in international ranking scientific journals belongs to KazNU's scientists. During the same period, the University infrastructure has grown almost by 50 percent.

As the Global Hub of the United Nations Academic Impact Program on Sustainable Development, KazNU has developed and implemented a model of new generation HEI – «University 4.0», which was presented at the United Nations Headquarters in New York and has been recommended for wide international dissemination. KazNU has established Al-Farabi Centers in 12 foreign countries.

The leading positions of Kazakh National University in the world educational and scientific space have been also confirmed by other international rating agencies. Thus, KazNU is among the top 200 most environmentally friendly and top 50 technologically advanced HEIs in the world. Having received high estimation «AA+» by the European Scientific and Industrial Chamber, the Kazakhstani University is in the same row with leading universities of Europe. All these achievements contributed to the recognition of KazNU as the best HEI of the Turkic and Islamic world.

The Massachusetts University of Technology is ranked first in the QS ranking, Stanford and Harvard Universities respectively (all are the US HEIs) took the second and third places. The top ten world universities are almost entirely composed of American and British institutions of higher education.

# University Mission and Vision

**The mission of Al-Farabi Kazakh National University** is to build human resources - competitive and sought-after specialists in the national and international labor markets, to achieve a qualitatively new effect in the formation of citizens of the country and the world, and to contribute to the sustainable development of society through the transfer and increase of knowledge.

## **① Admission Information**

**AL-FARABI KAZAKH NATIONAL UNIVERSITY** has simplified the admission of foreign applicants for bachelor, master and PhD programs.

Applicants are admitted all year-round, and admission is carried out **2** times a year **5** days before the start of the semester.

### **Online platform:**

**<http://welcome.kaznu.kz/ru/welcome/foreign;>**

Due to the online system, the time for submitting and receiving documents is significantly reduced, there are no administrative barriers to their registration, there is no need to arrive, which significantly saves money. Another great advantage of the online document acceptance system allows foreign applicants to apply directly to the University, regardless of their location. Being in any country of the world, an applicant can apply for an online interview. The entire process of accepting documents is automated and is carried out in a specially developed application, which is currently available in three languages-Kazakh, Russian and English.

After submitting documents and successful registration, applicants from countries near and far abroad receive confirmation and can be enrolled to the university remotely.

# REVIEWS OF FOREIGN STUDENTS

## **Connor Michiloti, Spain.**

Professors, curators are positive in terms of teaching students in exams, if we have any problems, they always try to help us. I like my place where I live at the university, from my room a beautiful view from the window.

## **Mastorocco Adriano, Italy, Faculty of History, Archeology and Ethnology**

KazNU opened for me a new world of opportunities, acquaintances and knowledge. There is a very strong teaching staff! I am sure that these people know their job! And that I can learn a lot from them. I believe that having finished KazNU, I will get a stable, good future...

## **Shin Mingyog, Republic of Korea Faculty of International Relations**

KazNU is not just a place where we receive an education. The University has its own special atmosphere. Here you can find anything that you need to study, life, work, and creativity for sport. Circles, sections contribute to the creation of this atmosphere. I am very comfortable here. I am glad that I am a student of KazNU!

## **Irie Itsuki, Japan Faculty of Pre-University Education**

KazNU is perfect for me in everything! The stunning internal design of the university. It is very pleasant to be in the walls of such a university. The campus is equipped with all amenities, fountains, alley for students and with beautiful nature. All cultural events are superb. KazNU - is my best choice!

## **Zhang, China, Faculty of Philology and World Languages.**

I am proud of my experienced teachers and good friends, thanks to them I learned Russian and began to understand Kazakh. He also deepened knowledge and understanding of the Kazakh people and culture. I think that the university provides not only basic knowledge, but the most important thing is to open all the possibilities for students so that they realize their dreams and desires. In this regard, my native university of KazNU helped me a lot, I am sure that all graduates of KazNU in their fields will do what is important for their country and their people.
